

THE DISCOVERY COMPANY™

GLUCONIC® GLUTA-DMG

- A dietary supplement to support the immune system, liver functions and muscle recovery.*
- Gluconic® Gluta-DMG is a proven formula that supports peak performance, oxygen utilization, liver detoxification, immune system function, and antioxidant activity.*
- This formula helps to support:
 - Intracellular glutathione and SAME production*
 - Antioxidant activity*
 - Liver and detoxification functions*
 - Oxygen utilization by tissues*
 - Performance and recovery time after strenuous activity*
- Gluconic® Gluta-DMG is a unique power packed formula that provides the benefit of DMG along with the building blocks for glutathione from our Whey Protein Isolate.
- The highly bio-available undenatured (intact) Whey Protein Isolate added to Gluconic® Gluta-DMG has been extensively researched for its positive impact on immune system function, glutathione production, muscle metabolism, longevity, and antioxidant support.*
- The intact Whey Protein Isolate contains a high level of glutathione precursors that are easily digested and pass readily into the blood stream.* From the blood stream these precursors are taken up by the cells and are metabolized into glutathione.* Glutathione is the master antioxidant of the cell because it regulates other antioxidants and acts as a free radical scavenger and detoxifying agent.*
- DMG helps support optimal immune system function and liver health.* DaVinci® Laboratories holds 3 U.S. Patents on DMG in the area of the immune response.
- The combination of our DMG with the intact Whey Protein Isolate provides uncompromised and unparalleled cellular support for your whole body.*
- Available in a great-tasting vanilla flavored powder that mixes with any cold drink and at a great price! Also try it mixed in yogurt or with our protein powders.

Supplement Facts

1 scoop (13.62 g) contains:

Calories	49
Total Carbohydrates (3 g sugar)	3 g
Protein	9 g
